

'Policy'

Altered book

35 x 35 x 28 cm

This work is an attempt to acknowledge the value and beauty of old books and the printed word, at a time that we all reach more and more for digital information.

This work refers to the Australian Foreign Policy documentation of 1974, to the duality of its beautiful ideals and its harsh realities, to what has changed and what remained the same, what worked and what didn't, and why.

With the refugee crisis very much on our minds, it may be helpful to look back and learn from the past, and maybe find not only ashes, but something beautiful there.
